SKIN DISEASES READILY CURED BY A SIMPLE HOME REMEDY.

If you are suffering from any form of skin or scalp disease, would you like to get prompt relief and be permanently cured by a clean, liquid preparation for external use? Mr. M. H. James, the druggist, has this remedy in stock and wants his customers to know that it is recommended for Eczema, Blackheads, Pimples, Dandruff, Tetter and other diseases of the skin and scalp. Zemo has made some remarkable cures and with each purchase of Zemo Mr. James will give you a booklet on skin diseases and you can diagnose your own case and be cured in your own home without any inconvenience or loss of time from business by this clean, simple preparation.

INDIGESTION.

Relief in Five Minutes and Permanent Cure or Money Back.

When E. J. Jenkins states that he has a remedy that is guarantee to cure any man or woman who suffers from food fermentation which causes belching, sour stomach, gas eructations, heartburn and that lump of lead feeling in the abdomen or money back what are the poor stomach sufferers in Bryan and vicinity going to do about it?

The name of this most remarkable stomach prescription is Mi-o-na. Most people call them Mi-o-na stomach tablets because they know that there is no remedy so good for indigestion or stomach disorders. Here is one opinion:

"I have been troubled with indigestion for more than a year. I bought one box of Mi-o-na and it cured me. Now I would not be without a box in the house for \$50. It saves a lot of doctor bills when you can be cured for 50 cents.

"You can use my name if you want to."—Arthur Sederquest, 6 Nicholas St., Wakefield, Mass., Nov. 7, 1909. Mi-o-na stomach tablets cost 50 cents a box at druggists everywhere and at E. J. Jenkins.

Booth's Pills will give constipation sufferers a joyful surprise. 25c.

HYOMEI

(Pronounced High-O-Me)
Cures catarrh or money back. Just breathe in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

FOSTER'S WEATHER BULLETIN.

Washington, D. C., May 7.—Last bulletin gave forecasts of disturbance to cross continent 6 to 10, warm wave 5 to 9, cool wave 8 to 12. Average temperatures of this disturbance were expected to be lower than usual and the storm forces more intense. Some rain will accompany it through the lower Missouri and upper Mississippi valleys, in mid-Atlantic and north Atlantic states. Elsewhere rains will be rather light and only in spots.

Next disturbance will reach Pacific coast about 10, cross Pacific slope by close of 11, great central valleys 12 to 14, eastern sections 15. Warm wave will cross Pacific slope about 10, great central valleys 12, eastern sections 14. Cool wave will cross Pacific slope about 13, great central valleys 15, eastern sections 17.

This will be the most severe storm of the month and all weather features except rainfall will go to extremes. A short high temperature wave will be preceded and followed by unusually low temperatures while heavy rains will not cover large areas. Most rain will fall in lower Missouri and upper Mississippi valleys and from upper Ohio valleys eastward.

Fourth disturbance of May will reach Pacific coast about 15, cross Pacific slope by close of 16, great central valleys 17 to 19, eastern sections 20. Warm wave will cross Pacific slope about 15, great central valleys 17, eastern sections 19. Cool wave will cross Pacific slope about 18, great central valleys 20, eastern sections 22.

Unusually cool weather will be the rule this disturbance, and the temperatures will most of the week remain below normal. Not much rain in cotton belt but elsewhere fair rains may be expected during the passage of this disturbance.

Storms of this atmospheric whirl will have greatest intensity west of Meridian 90 about May 16 and at the same time, the preceding whirl will be quite energetic in Atlantic sections.

I wish to call attention to those interested in grain to the fact that since June, 1909, these bulletins have given absolutely reliable advice about the future grain markets. In June the advice was not to sell at the low prices and in November that speculators would in the next four or five months depress prices to a large extent.

While farmers were not advised to sell they were advised that a long period of lower prices was before them and if they had to sell their grain, the sooner they did so the better. This advice has been valuable to those who followed it. Indications have been that all grains would go lower than they were in beginning of April, 1910.

If grain interests will watch and follow the advice of these bulletins, they will continue to be profited thereby. Producers and dealers in grain constitute an immense number of our population; by far the largest interests of the world are those centered in grain and grain products.

If cotton interests ever get from under the control of the great speculators these bulletins will more fully advise in reference to that staple.

AN OLD TIME WOLF CHASE.

Party of Hearne and Wheelock Hunters Killed Two and Captured Eight.

Mr. J. B. Dunn of Wheelock, phoned the Eagle reporter this morning of a wolf chase that he and a party of friends had at an early hour this morning that was a reminder of old times. They went down last night and camped in the Seale and Dausby pasture, known as the old Cavitt ranch and spent the night there. At an early hour they arose and put the dogs out in search of the hiding places of a lot of wolves that were known to be somewhere in that locality. They did not have to hunt long before the furious baying of the dogs gave notice that the prey had been found.

When the hunters rode up the male wolf, the biggest one Mr. Dunn said he ever saw, was making fight on the whole pack of dogs, and in fact was the aggressor. He broke to run when he saw the hunters and had only gone a short distance when Mr. Dunn shot him dead. The female wolf was then scared from the lair and the chase began. It was a long and pretty one before she was finally brought to bay and killed.

Members of the party took the little fellows home with them and will endeavor to make pets of them. The body, or rather the hide, of the big male wolf was sent to Dallas to be mounted.

The hunting party was composed of J. B. Dunn, Sam Adams, Geo. H. Dunn, Jr., Geo. Dunn, Sr., Ralph Dunn, Will Bishop, George Moss, and John Mandrell. Mr. Dunn further stated that this morning's result made 22 wolves they had killed and captured in the past two years.
